

Customer friendly business

BWT Building has dealt with Hudson Building Supplies prior to leaving the Wynnum store to relocate to Capalaba and now at their most recent relocation to the current store at the corner of Hook and Steel streets, Capalaba.

We, as local builders for more than 18 years in the Redlands, have always found Hudson to be the most customer friendly.

The drive-through undercover loading and the friendly and efficient staff are just some of the many reasons why we will continue our support with this company.

— Brett Thompson, proprietor, BWT Building

New store layout a winner

AS a customer of Hudson Building Supplies at Capalaba, I find the layout of the new store is great for my business, with the stock easy to find in the racks.

I am very happy with the service we receive from all the staff at Hudson, particularly with the new layout. The access to the new site has provided me with a more organised method of service in a busy world and being able to load timber and hardware undercover in the driveway is definitely a plus for me.

The new shed will provide better quality of product for my customers. I am pleased with the new site and service from Hudsons.

— Robert Hunter, The Hunter Family Trust

BUILDER Dave Harrison and owner of Hudson Building Supplies Nick Rinaldi work together on a regular basis and share a close relationship.

New Capalaba site enhances Hudson's service

NINE years ago Hudson's Timber and Hardware opened their business in Capalaba with an emphasis on selling hardware.

However, in 2003 a management buyout changed the direction of the business and hence a name change to Hudson Building Supplies.

As the business continued to grow it became clear that the premises were simply not adequate to house the range of products they needed to stock.

Nor was the access, loading or parking adequate for their customers.

The resulting move to their new premises at Unit 6, 160 Redland Bay Road, Capalaba 14 weeks ago is delivering a whole new era in customer service with a total of

5000sq m loading, delivery, parking and trading space - 2500sq m of which is under roof.

This allows the Hudson team to keep all of their stock out of the weather and available for easy and quick service to drive-through customers.

More emphasis is now placed on supplying professional builders and serious home renovators with the quality and quantity of products they need for their projects.

With more space, Hudson is also able to stock a wider product range and with a high roof line and racking, keep it all readily accessible.

By buying in bulk they can not only pass on the savings to their customers but ensure they are well stocked for their

customers' needs.

Hudson Building Supplies now stock the quality products the trade and the home renovator needs, supplied by a team with excellent product knowledge at competitive prices and delivered on time.

Customers hold key to success in business

NICK Rinaldi, store manager at Hudson Building Supplies in Capalaba, believes that building a business is all about building relationships with his customers.

Nick and the 15 team members at Hudson Capalaba are committed to providing the best possible products, delivered on time and at the most competitive price.

Hudson buys in bulk for a network of 15 outlets throughout New South Wales and South East Queensland plus two framing plants, one at Browns Plains to service the Brisbane market.

Therefore, customers can be assured of a wide range of products to choose from at competitive prices.

For customer convenience, Hudson Building Supplies is open Mondays to Fridays from 6.30am to 5pm and from 8am to 2pm on Saturdays.

Find out more about the products and services that Hudson Capalaba provides by checking out www.hudson.com.au or contacting 3245 2531 during business hours.

The new premises are located at Unit 6, 160 Redland Bay Road, Capalaba, which is accessed via Hook Street.
